M® MIQUELRIUS

EXPRESSING EMOTIONS
SINCE 1839

Welcome
to
the Jungle!

We are a company with **more than 180 years of experience** in the manufacture of stationery products.

Five generations for whom innovation and quality have been their more important pillars.

Pioneers with the introduction of products that changed the way to organize: the Integral diaries with a ring binder system and the already classic Notebooks with micro-perforated sheets and side band colours.

Today, **we continue betting on innovation** and we rely on the same 5 principles:

-  **Design.** Linking fashion and design with stationery. Collaborating with designers, artists and brands that are recognized both nationally and internationally.
-  **Adaptation.** Evolving with the environment, creating products for all genres, activities and ages.
-  **Internationalization.** Present in more than 60 countries and participating in the main international fairs.
-  **Quality.** Manufacturing high quality products using the best materials.
-  **Responsibility.** Taking care of the environment and guaranteeing the quality of our products and services with the ISO 9001 standard and the FSC seal.

We respond to the needs of our customers with more than 1,800 references distributed in all our catalogues: General Catalogue (with back to school collections, notebooks and writing instruments), Gift and Diaries
