Learn about us

We are a company with **more than 180 years of experience** in the manufacture of stationery products. We pioneered the introduction of products who have changed the way you organise your time and tasks: the Integral system of ring diaries and our already classic Notebook with micro-perforated sheets with coloured subsections.

Today, **we continue betting on innovation** while relying on the same 5 principles:

-  **Design.** We connect fashion and design through our pieces of stationery, diaries, writing items, school accessories, and office and desktop accessories as well as a whole universe of gift products.
-  **Adaptation.** We evolve with our environment, creating products for all kinds of likes, activities and age groups.
-  **Quality.** Manufacturing high quality products using the best materials.
-  **Responsibility.** We look after our environment and guarantee the quality of our products and services. We have the widest range of recycled and recyclable notebooks on the market, meeting the needs of an increasingly eco-conscious world. We have also joined forces to fight against excess plastic in the oceans by each year expanding our range of environmentally-friendly products made from recycled polyester material from PET (RPET) plastic bottles.

We are integrated in the business group **APLI** and together we respond to the needs of our clients; with national and international product shipment coverage. Our corporate strategy, based on quality, innovation and service as well as commitment to people and the environment, has led us to be present in more than:

 **80**
Countries where we distribute our products

 **5**
Production plants

BACK TO SCHOOL

Welcome to the back to school 26/27 collection: backpacks that inspire, accompany and keep up with each child's pace, from their first steps even its great stories.

Each stage has its own rhythm, its own way of discovering the world, and its own ideal backpack. At Miquelrius, we design collections that grow with them: light and comfortable for their first adventures, practical and resistant for the primary years, and modern and full of personality for when they begin to define their own style.

All our backpacks are designed to accompany them: comfortable, organized, durable and the perfect size for every age. And, moreover, sustainable, made with recycled materials, giving a new life to materials.

BUSINESS COLLECTIONS

Practical designs for everyday professional life.

At Miquelrius, we design for the new generation of professionals: active, urban, and versatile people who balance office work, external meetings, remote tasks, and frequent travel. Professionals who value functionality but also care about their style and look for products that adapt to a changing, dynamic, and flexible work environment.

Our business-focused collections are designed to accompany them during the day, offering practical solutions, durable materials, and sober designs that express personality without being flashy.

Bag to Work is a line created for those who prefer a discreet style, with resistant finishes and functional and elegant designs for everyday work life.

Urban Soft, on the other hand, appeals to those seeking a more modern and relaxed approach: padded fabrics, soft colors, and a contemporary design that fits into creative or informal environments, without compromising on practicality.

Lightweight and spacious backpack, designed to carry everything you need for work. With multiple pockets and compartments, it allows a perfect organization of personal items. Adaptable to trolley.
Material: High-quality polyester with durable twill fabric and an extra-soft, water-repellent finish.

TROLLEYS

If a backpack weighs more than 15% of the child's weight, it should be carried on a trolley, and it is recommended to regularly change the arm pulling it. This removable trolley is extendable and has silent PVC wheels.

Size when folded: 273 x 540 x 243 mm deep
Size unfolded: Height 838 mm

See the video on how to correctly place the backpack on the trolley here:

TECHNICAL CHARACTERISTICS OF THE NOTEBOOKS

HIGH QUALITY PAPER

All our notebooks are made with extra opaque paper, so the ink does not pass through to the other side of the page, facilitating writing on both sides. This paper offers an excellent satin finish for fast drying of ink. Our paper with sustainable fibres has FSC MIX CREDIT certification, guaranteeing that the paper comes from environmentally sustainable forests.

HIGHLY DURABLE COVERS

Made of COMPACT CARDBOARD, extra rigid, covered and laminated (mat or glossy). This combination gives the notebook consistency, so you can write without needing a support, and great durability, thanks to its lamination.

SIZES AND RULINGS

We offer different sizes to choose from. They also come with different rulings and numbers of sheets.

Legal guarantee. MIQUELRIUS backpacks offer a three-year guarantee against product defects. Find all the details here:
